Monday, 20 May 1957

PRESENT: Mr. Dulles, Mr. Wisner, Mr. Amory, Col. White,

25X1

Mr. Dulles:

a) Referred to the SITREPS being dispatched to General Cabell during the period of his trip to the Far East and commented he did not think it was necessary in each case to classify these messages Rybat, Eyes Only, etc. Mr. Amory commented that these arrangements were made by General Cabell and Mr. Sheldon prior to their departure and could contain operational information if necessary. The Director said he had found during his trip last summer, messages sent to him bore all sorts of restrictions and tended on occasion to get communicators up at all hours when such action in fact was unnecessary. [redacted] suggested that future cables to DDCI be classified and restricted according to contents. The Director approved. ACTION: DD/I.
